Project Recommendations

We must need to take consideration of having a consultation with the framework developer to be more familiarized and knowledgeable on the overall functionalities and operations of the framework. Moreover, putting urgent attention on the resolution of the technical issues is also important in this project because we only have limited time to finish the project and this problems can affect the overall operation of the system

Objectives for Next Project Status Review

Some problems on system modules must be addressed on the next reporting phase and the project team should be knowledgeable on the framework's coding structure
